Discover Shropshire Day

Discover Shropshire Day is a unique event: a gathering of local heritage organisations, speakers and even musicians who all have something important to impart about the history of this historically rich and beautiful county. From the borderlands of the west to the legendary industrial heritage of the east, there'll be something to interest everyone who connects to Shropshire. Come along and find out about the online Shropshire parish registers; about, in this most poignant of anniversaries, Shropshire's war memorials and about the historical significance of the peatlands. Oh, and Shrewsbury Town F.C. too! If you like Shropshire you'll love **Discover Shropshire Day!**
